A Largely Attended Meeting of the Central Committee Yesterday.

THE CHICAGO ENCAMPMENT

Official Permission to Attend Granted to the Nebraska National Guard-Additional Delegates to the Charities Convention.

FROM THE BEE'S LINCOLN BUREAU.] The republican county campaign in Lancaster county was formally opened resterday by the meeting of the republiban central committee. The meeting was largely attended, both by committeemen and the various candidates, and a large number of interested spectators were upon the outskirts. The time of holding the convention was fixed upon as the 3d day of September, the primaries to be held on the 1st day of the month in the different wards and precincts. Considerable discussion was had upon the vote upon which to base the representation, the question being complicated by the recent changes in the wards in the city. The question was, however, settled satisfactorily and in a day or two the call will be made up and published, showing the representation and the total number of delegates in the convention. Having now the convention fixed on a definite date the candidates will commence their work in earnest and prospects are that there will be a lively struggle for the different offices, the nomination in this county being equivalent to an election. Hon. George W. Frank, one of the wealthy men of Kearney, who is awake night and day to that city's interest, was in Lincoln between trains yesterday. Mr. C. H. Elendorf, of Kearney, who has charge of Mr. Frank's great lot sale in that place the 25th, was also in Lincoln yesterday arranging details for the sale that will call many Lincoln people in attendance.

Considerable stir was manifest at the corner of Eleventh and P streets yester-day morning. The telephone company is engaged in planting new telephone poles and they elected to plant one on this corner inside the lawn limits of the lot of Mrs. Leslies. The lady did not propose to have the ground occupied by an unsightly telephone pole, and protested, going out where the men were at work and standing in the hole excavated, to prevent further work

LANCASTER'S REPUBLICANS, | When she vacated the place temporarily the men immediately resumed work, and the mayor visited the scene and exerted a quieting influence until Mrs. Leshe could secure an attorney and an injunc-

tion.
Messrs. Pace and Rhodes returned yesterday from conducting a successful sale of town lots at Sutton the day before. This was a sale in which John C. Bonnell, of this city, was directly interested and the sale netted a handsome profit.

The clam bake will certainly be held at Shogo Island, Milford, on the 26th, 27th and 28th of the month and the members of the association have all arrangements made to abandon business and enjoy the feast. The invitations are limited to very few and the island will be entirely at the disposal of the bakers during their three days' encampment. Mr. Will O. Jones, for the past year

city editor of the State Journal, departed yesterday for Chicago and New York, where he proposes to make a study of metropolitan journalism for a number of weeks. He will return to his position on the Journal at the completion of his visit. The Lincoln street railway is con-

stantly adding new cars to accommodate its increasing patronage, and the first of the motor cars for the rapid transit road is on the ground ready for use. This latter road will be open in time to accommodate the public to and from the fair grounds at state fair time.

A Healthy Stomach

is a blessing for which thousands of our dyspeptic countrymen and women sigh in vain, and to obtain which swallow much medicine unavailingly. For no atlment-probably-are there so many alleged remedies as for dyspepsia. The man of humbug is constantly glutted with the dollars and dimes of those who resort to one nostrum after another in the vain hope of obtaining relief, at least, from this vexatious and obstinate malady. Experience indicates Hostet-ter's Stomach Bitters as a means of eradicating dyspepsia, in which a firm reliance can be placed. No remedy has in three decades and over established such a reputation, none has received such unqualified professional sanction. It is an admirable invigorant, because it en-riches the blood, and not only this, but it thoroughly regulates the bowels, kidneys and bladder. The nervous symptoms are usually relieved by the medicine.
